# SPORTSTEX

We are a leading European sportswear manufacturing company specialised in development and production of sports wear for business-to-business (B2B) customers.

We collaborate with major brands in the sports sector, providing them with customised solutions that stand out for quality and style.

## OUR SERVICES

### GRAPHICS

Our dedicated team of experts realizes the vision of the client down to the last detail, from choosing the exact colors from a palette of over 2500 Pantone colors to the meticulous application of designs to patterns.

### DEVELOPMENTS

At Sportstex, the focus is on the technical development of clothing. From bill of materials design to pattern development with Lectra Modaris and action fitting, our processes are comprehensive and well-considered. We collaborate closely with renowned suppliers for accessories, colors, and fabrics.

### TEAMWEAR

As a leading sportswear manufacturer, we offer comprehensive support through an innovative customer platform that allows us to manage the production of uniforms for over 20,000 teams per year. For team sports, we have an online configurator that allows to customise uniforms according to preferred colours, logos and designs.
